Professional Summary

Motivated and detail-oriented learner with a growing interest in software testing and quality assurance. Actively building skills in manual testing, bug tracking, and automation tools like Selenium. Looking for an opportunity to apply and expand my knowledge through a QA internship in a collaborative environment.

Technical Skills

- Testing: Manual Testing, Test Case, Mobile Testing
- Tools: Selenium, Postman, JIRA
- Programming Languages: Python, JavaScript
- Markup & Styling: HTML, CSS
- Version Control: Git
- IDE: VS Code

Academic Projects

1. Task Manager Web App (MERN Stack)
- Built a responsive app for task creation, assignment, and tracking.
- Integrated role-based login and automated status updates.
- Used GitHub for version control and collaboration.

2. Database Testing with MySQL
- Verified data integrity, accuracy, and consistency using SQL queries.
- Tested CRUD operations and validated data manipulation.
- Created detailed documentation of the testing process.

Academic Background

- Bachelor of Science in Computer Science and Information Technology (BSC CSIT)
- Tribhuvan University, [Central Campus of Technology]
- Expected Graduation: [2026]
- Higher Secondary Education in Science [Adarsha Secondary School]
- Graduated: [2021

Certification

- Workshop on Web Development - Central Campus of Technology
- Workshop on Dart and Flutter - Digital Pathsala
- Quality Assurance and Software Testing – Mindrisers Institute of Technology (Completed)
